MAXIMA RACING OILS

*Maxima Racing Oils was created for world-class racers who challenge the limits of possibility. Their demands on equipment drive us to look beyond conventional ideas and to exceed industry standards. It's in our DNA to identify problems, formulate solutions and execute at the highest levels of competition. A simple goal to make things better than ever thought possible.*

*Maxima believed it could change lubrication and along our 40+ year journey – many others believed in us too. Superior technology transcends sport to enhance the experience of consumers and racers alike. Our market leading products are used in over 50 countries around the globe and include engine oils, suspension fluids, coolants, care products and accessories. These products represent our commitment to excellence and a passion for redefining what is possible.*

# YOU CAN TRUST

*We challenge you to experience the difference with Maxima. Ultimate performance, unbeatable protection and a love of motorcycles defines Maxima. Countless hours of development, focused purely on the Powersports market, has enabled Maxima to be a top choice for all makes, models and brands.*

*Founded in 1979 and headquartered in Southern California, Maxima is recognized as one of the most coveted brands in the motorcycle industry. Decades of active involvement in motorcycling has led to powerful technology and a full array of market leading products.*

# PEAC IS UNIQUE & EXCLUSIVE TO MAXIMA 4T ENGINE OILS

Maxima Racing Oils is excited to release an entirely new engine oil additive system called PEAC (Performance Enhancing Additive Chemistry). PEAC was developed by Maxima and tested with factory teams like Monster Energy Kawasaki, Monster Energy Pro Circuit Kawasaki and Geico Factory Connection Honda. The PEAC reformulation was designed to significantly improve performance in several critical areas: engine cleanliness, clutch performance and most importantly – power & acceleration. This unique additive system is exclusive to the Maxima 4-stroke engine oil line-up. These radically improved products will allow athletes to push their limits like never before. For more information, please visit your local Maxima Dealer or visit us online at [www.MaximaUSA.com](http://www.MaximaUSA.com).

## INCREASES IN POWER AND ACCELERATION

The new oils were first and foremost designed to make machines faster, at the heart of which is an exclusive and proprietary friction modifier system with a high affinity for metal surfaces and low affinity for clutch plate material. This advanced system is able to improve power, while having a negligible detriment to clutch friction. Through extensive testing, we were able to achieve the necessary balance between “clutch friction increasing” and “crankcase friction decreasing,” allowing for maximum power output from the engine and maximum transmission of power to the rear wheel.

- INCREASED HORSEPOWER
- INCREASED ACCELERATION
- INCREASED TORQUE
- IMPROVED BALANCE BETWEEN CLUTCH FEEL AND POWER

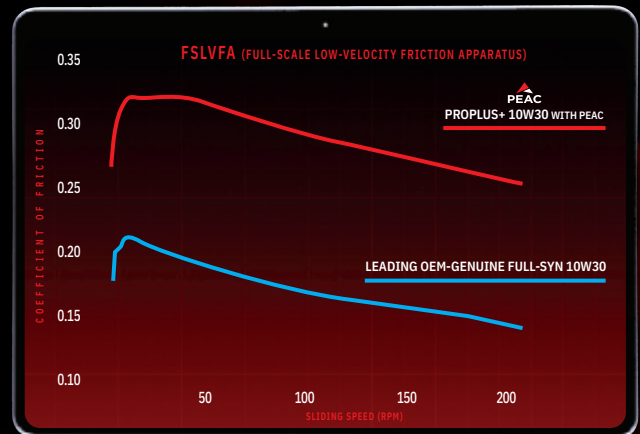

PEAC DYN0 TESTING / PRO PLUS+

# THE GOAL WAS TO IMPROVE THE BEST OILS IN THE WORLD

## BETTER CLUTCH PERFORMANCE, ESPECIALLY AT HIGH TEMPS

Clutch performance was improved by introducing chemistries with a high affinity for clutch plate material, but minimal attraction to metal surfaces. The minimal interaction of these components with metal surfaces helps to prevent drag and frictional losses in the crankcase, while still increasing clutch friction. This balancing act allows for maximum efficiency in transferring engine power to the rear wheel, making sure none of that hard-earned power is lost to clutch slippage. To maintain this performance throughout the entire life of the oil, shear stability was also improved, thus ensuring the necessary film thickness required for efficient power transfer.

- IMPROVED CLUTCH PERFORMANCE
- IMPROVED SHEAR STABILITY
- MASSIVE GAINS IN CLUTCH PERFORMANCE AT HIGH TEMPS

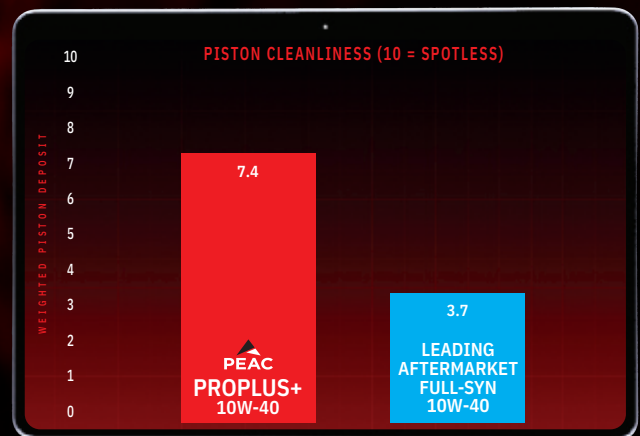

PEAC CLUTCH PERFORMANCE @ 170°C

TEST DETAILS / CLUTCH PLATES ROTATED RELATIVE TO ONE ANOTHER UNDER 1,607 N LOAD AT DESIGNATED RPM

## 100% IMPROVED CLEANLINESS

Deposit control was also improved, in part due to the increase in oxidative stability. Oxidation byproducts are known to form the precursors to unwanted deposits, making oxidative stability the new oils' first line of defense against harmful buildup. An additional and significant step to improve deposit control was a complete overhaul of the dispersant system, which are the components responsible for keeping contaminants from accumulating on engine surfaces by "dispersing" them throughout the bulk oil. The new dispersants, produced by a completely different and novel process, provide 100% improved cleanliness per unit concentration, drastically reducing engine deposits.

- 100% CLEANER
- INCREASED OXIDATIVE STABILITY
- EXTENDED OIL CHANGE INTERVALS

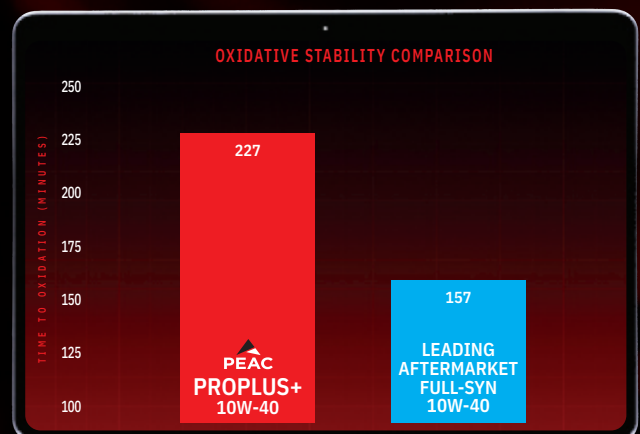

PEAC DEPOSIT CONTROL / FULL SYNTHETIC 10W40

TEST DETAILS / 125CC MOTORCYCLE ENGINE RUN FOR 48 HOURS AT 7,500 RPM AND 6KW LOAD AT 110°C OIL SUMP TEMPERATURE

## IMPROVED RESISTANCE TO BREAKDOWN

Oxidative stability was improved by making advancements to the antioxidant chemistry that prevents oxidation of the oil and by selecting even more oxidatively stable base oils than the exceptionally stable base oils used in the outgoing products. The already potent dual-molecule antioxidant system was further improved by both improving the efficacy of the chemistry and increasing the amount of chemistry used. These upgrades have successfully been shown to improve oxidative stability over the previous oils and key competitors.

- LONGER DRAIN INTERVALS
- INCREASED PROTECTION
- IMPROVED RESISTANCE TO HEAT
- IMPROVED RESISTANCE TO BREAKDOWN

PEAC OXIDATIVE STABILITY / FULL SYNTHETIC 10W40

TEST DETAILS / PRESSURE DIFFERENTIAL SCANNING CALORIMETRY (PDSC) / MODIFIED CEC L-85-T-99 METHOD

SAFE FOR USE IN ALL MOTORCYCLE BRANDS: KAWASAKI, HONDA, YAMAHA, SUZUKI, KTM, HUSQVARNA AND MORE.

## 530MX

### 100% SYNTHETIC, TRIPLE ESTER 4-STROKE ENGINE OIL

Full synthetic, triple ester 4-stroke engine oil designed to ensure maximum performance while providing maximum protection under the most severe MX / Off-road conditions. The extensively developed formulation produces more horsepower & torque while providing excellent clutch feel. Exotic esters and regenerative polymers combine with the world's most advanced additive system to deliver unrivaled engine, clutch and gear protection.

**Exceeds the requirements of API SN PLUS / JASO MA.**

**Available in: Liter**

## EXTRA

### 100% SYNTHETIC, TRIPLE ESTER 4-STROKE ENGINE OIL

0W-10 • 5W-40 • 10W-40 • 10W-60 • 15W-50

Full synthetic, triple ester 4-stroke engine oil designed to ensure maximum performance while providing maximum protection under the most severe conditions. The extensively developed formulation combines a synergistic blend of exotic esters, regenerative polymers and the world's most advanced additive system to deliver unrivaled engine, clutch and gear protection.

**Exceeds the requirements of API SN PLUS / JASO MA2.**

**Available in: Liter/128oz**

## SYN BLEND

### SEMI-SYNTHETIC, ESTER-BASED 4-STROKE ENGINE OIL

10W-30 • 10W-40 • 15W-50 • 20W-50

Semi-synthetic, ester-based 4-stroke engine oil designed to ensure optimum protection, peak performance and positive clutch feel. Surface-active formulation provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: Liter/128oz**

### **530RR**

#### **100% SYNTHETIC, TRIPLE ESTER 4-STROKE ENGINE OIL**

Full synthetic, triple ester 4-stroke engine oil designed to ensure maximum performance while providing maximum protection under the most severe road race conditions. The extensively developed formulation produces more horsepower & torque while providing excellent clutch feel. Exotic esters and regenerative polymers combine with the world's most advanced additive system to deliver unrivaled engine, clutch and gear protection.

**Exceeds the requirements of API SN PLUS / JASO MA2.**

**Available in: Liter**

### **PRO PLUS+**

#### **100% SYNTHETIC, ESTER-FORTIFIED 4-STROKE ENGINE OIL**

**10W-30 • 10W-40 • 10W-50 • 20W-50**

Full synthetic, ester-fortified 4-stroke engine oil designed to ensure optimum protection, peak performance and positive clutch feel. Surface-active, oxidatively-stable formulation provides excellent film thickness while maintaining viscosity across all operating temperatures. Advanced, proprietary additive system keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SN PLUS / JASO MA2.**

**Available in: Liter/128oz**

### **PREMIUM**

#### **HIGH PERFORMANCE 4-STROKE ENGINE OIL**

**5W-30 • 10W-30 • 10W-40 • 20W-50**

Mineral based 4-stroke engine oil designed to ensure optimum protection, peak performance and positive clutch feel. Provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: Liter/128oz**

## **PREMIUM BREAK-IN** HIGH PERFORMANCE 4-STROKE BREAK-IN OIL 10W-30

Mineral based 4-stroke engine oil specifically formulated for breaking in engines with flat tappet camshafts, roller elements and where maximum anti-wear performance is needed. High ZDDP formulation combines the highest quality mineral base stocks with a shear-stable polymer system to provide fast and effective ring seal. Advanced, proprietary additive system utilizes a complex, low-temperature activating 2X Zinc system that ensures immediate and lasting protection. Dyno proven to increase break-in efficiency.

**Available in: Liter**

PERSONAL WATERCRAFT

## **PWC MARINE** HIGH PERFORMANCE 4-STROKE ENGINE OIL 10W-40

Mineral based 4-stroke engine oil specifically formulated for Personal Watercraft. Shear-stable polymer system provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system with industry leading anti-wear & corrosion protection keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SL / NMMA FC-W.**

**Available in: Liter/128oz**

SNOWMOBILE

## **SNOWMOBILE 4T** HIGH PERFORMANCE 4-STROKE ENGINE OIL 5W-30

Mineral based 4-stroke engine oil specifically formulated for snowmobiles. Shear-stable polymer system provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system with industry leading anti-wear & corrosion protection keeps your engine running clean, trouble-free and extends the life of the machine. Formulated with a low pour point to remain fluid in the most extreme cold conditions.

**Exceeds the requirements of API SL / JASO MA2 / NMMA FC-W.**

**Available in: Liter**

ATV

### **ATV PREMIUM** HIGH PERFORMANCE 4-STROKE ENGINE OIL 10W-40

Mineral based 4-stroke engine oil specifically formulated for ATV engines. Shear-stable polymer system provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system with industry leading anti-wear & corrosion protection keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: Liter**

UTV

ATV

### **SXS SYNTHETIC ENGINE** 100% SYNTHETIC, ESTER-FORTIFIED 4-STROKE ENGINE OIL 0W-40 • 5W-40 • 5W-50 • 10W-50

Full synthetic, ester-fortified 4-stroke engine oil specifically formulated for side-by-side (SXS) engines. Synthetic, oxidatively-stable formulation combines surface-active esters with a shear-stable polymer system to provide excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system reduces temperatures and increases power output while keeping your engine running clean, trouble-free and extending the life of the machine.

**Exceeds the requirements of API SN PLUS / JASO MA2.**

**Available in: Liter**

UTV

ATV

### **SXS PREMIUM ENGINE** HIGH PERFORMANCE 4-STROKE ENGINE OIL 10W-40

Mineral based 4-stroke engine oil specifically formulated for side-by-side (SXS) engines. Shear-stable polymer system provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system reduces temperatures and increases power output while keeping your engine running clean, trouble-free and extending the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: Liter/128oz**

## 4T ENGINE OILS 12

V-TWIN

### **V-TWIN 100% SYNTHETIC** 100% SYNTHETIC, ESTER-FORTIFIED 4-STROKE ENGINE OIL 20W-50

Full synthetic, ester-fortified 4-stroke engine oil specifically formulated for V-Twin engines. Synthetic, oxidatively-stable formulation combines surface-active esters with a shear-stable polymer system to provide excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system with industry leading extreme pressure and anti-wear protection keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SN PLUS / JASO MA2.**

**Available in: 32oz**

V-TWIN

### **V-TWIN SYNTHETIC BLEND** SEMI-SYNTHETIC, ESTER-FORTIFIED 4-STROKE ENGINE OIL 20W-50

Semi-synthetic, ester-fortified 4-stroke engine oil specifically formulated for V-Twin engines. Surface-active esters combine with a shear-stable polymer system to provide excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system with industry leading extreme pressure and anti-wear protection keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: 32oz**

V-TWIN

### **V-TWIN MINERAL** HIGH PERFORMANCE 4-STROKE ENGINE OIL 10W-40 • 20W-50 • 25W-60 • 50WT • 60WT • 70WT

Mineral based 4-stroke engine oil specifically formulated for V-Twin engines. Shear-stable formulation provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system with industry leading extreme pressure and anti-wear protection keeps your engine running clean, trouble-free and extends the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: 32oz**

**(V-Twin Mineral 20W-50 available in 32oz & 128oz)**

## SCOOTER

**SCOOTER 4T**  
**HIGH PERFORMANCE 4-STROKE ENGINE OIL**  
 10W-30 • 10W-40

Mineral based 4-stroke engine oil designed to ensure optimum protection, peak performance and improved fuel efficiency. Unique organic friction modifier system increases power output while reducing engine operating temperatures. Advanced, proprietary additive system keeps your engine running clean, trouble-free and extends the life of the machine. Robust anti-wear system offers additional protection for stop-and-go traffic.

**Exceeds the requirements of API SL / JASO MB.**

**Available in: Liter**

## STREET

**DIABLO**  
**HIGH PERFORMANCE 4-STROKE ENGINE OIL**  
 10W-30 • 10W-40 • 20W-50

Mineral based 4-stroke engine oil designed to ensure optimum protection, peak performance and positive clutch feel in small displacement (<250cc) engines. Provides excellent film thickness and viscosity stability across all operating temperatures. Advanced, proprietary additive system keeps your engine running clean, trouble-free and extends the life of the machine. Robust anti-wear system offers additional protection for stop-and-go traffic.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: Liter**

**(Not available in North America)**

**PREMIUM MOTO TAXI**  
**HIGH MILEAGE 4T ENGINE OIL**  
 25W-60

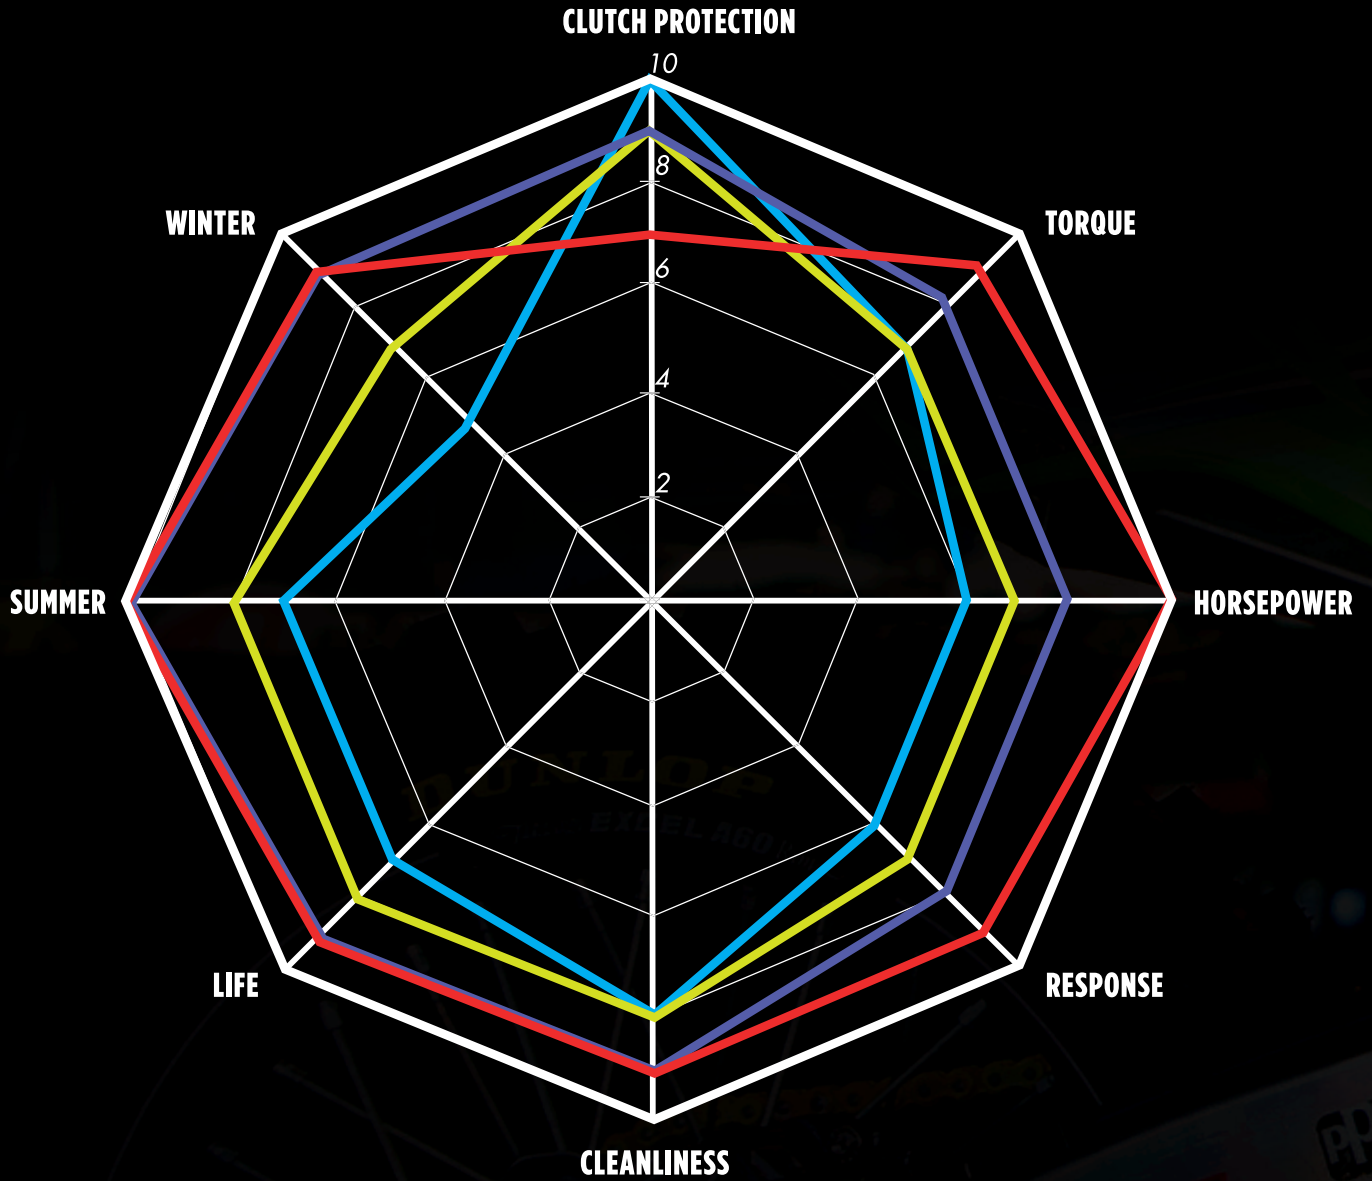

Mineral based 4-stroke engine oil designed to ensure maximum protection for the severe duty cycle of a Moto Taxi. Shear-stable formulation protects critical engine components by minimizing viscosity loss and maintaining oil film thickness under high loads. Advanced, proprietary additive system utilizes unique chemistry to provide additional clutch and gear protection, while maintaining cleanliness and extending the life of the machine.

**Exceeds the requirements of API SL / JASO MA2.**

**Available in: 1 Liter/2 Liter**

**(Not available in North America)**

MAXIMA RACING OILS

Maxima revolutionized the industry by introducing Castor 927 in the 70's. 927 is still the #1 selling performance 2-stroke oil in most markets around the world. Proven performance, unbeatable protection and the greatest smelling 2-stroke oil on the planet!

Performance inspired 2-stroke engine oils to meet the demands of modern 2T engine designs. Maxima formulates engine oils for premix racing to DFI applications to offer the most complete line-up of 2-stroke engine oils in the industry. Surface active ester synthetics, pure base oils and clean burn technology work in harmony to increase horsepower, reduce wear and to offer smooth, clean, trouble-free operation in high stress operating conditions.

# 'T BE BOUGHT!

## FORMULA K2 INJECTOR

### 100% SYNTHETIC, TRIPLE ESTER 2-STROKE ENGINE OIL

Full synthetic, triple ester 2-stroke engine oil designed to ensure optimum protection and performance under extreme race conditions. Clean burning, ring stick resistant formulation utilizes high molecular weight, surface-active esters to ensure optimal ring seal and maximum power. Advanced, low-ash additive system minimizes carbon build up while preventing rust, corrosion and wear. Designed for direct-injected systems, but robust enough to be used as a premix at any OEM-recommended fuel: oil ratio.

Available In: 16oz/Liter/64oz

## FORMULA K2

### 100% SYNTHETIC, TRIPLE ESTER 2-STROKE ENGINE OIL

Full synthetic, triple ester 2-stroke engine oil designed to ensure optimum protection and performance under extreme race conditions. Clean burning, ring stick resistant formulation utilizes high molecular weight, surface-active esters to ensure optimal ring seal and maximum power. Advanced, low-ash additive system minimizes carbon build up while preventing rust, corrosion and wear.

Available In: 16oz/Liter/64oz

## CASTOR 927

### CASTOR BASED, ESTER-FORTIFIED 2-STROKE ENGINE OIL

Castor based, ester-fortified 2-stroke engine oil designed to ensure maximum performance while providing maximum protection under the most severe conditions. Carbonization and vaporization resistant formulation combines surface-active esters with a highly-refined castor oil to provide excellent film thickness and surface tenacity, protecting cylinder walls, journals and other critical areas. Proprietary ash-free additive system keeps your engine running clean and free of gum formation, corrosion and deposits.

Available In: 16oz/Liter/64oz

## **SUPER M**

### **SEMI-SYNTHETIC, ESTER-BASED 2-STROKE ENGINE OIL**

Semi-synthetic, ester-based 2-stroke engine oil designed to ensure optimum protection and peak performance. Ultra clean burning, smokeless formulation utilizes surface-active esters and anti-wear additives to ensure optimal anti-suff protection. Advanced, low-ash additive system minimizes carbon build up while preventing rust, corrosion and wear.

**Exceeds JASO FD / ISO-L-EGD / API TC specifications.**

**Available in: 16oz/Liter/64oz**

## **SUPER M INJECTOR**

### **SEMI-SYNTHETIC, ESTER-BASED 2-STROKE ENGINE OIL**

Semi-synthetic, ester-based 2-stroke engine oil designed to ensure optimum protection and peak performance for 2T oil injection systems. Ultra clean burning, smokeless formulation utilizes surface-active esters and anti-wear additives to ensure optimal anti-suff protection. Advanced, low-ash additive system minimizes carbon build up while preventing rust, corrosion and wear.

**Exceeds JASO FD / ISO-L-EGD / API TC specifications.**

**Available in: Liter/128oz**

## **PREMIUM 2**

### **SEMI-SYNTHETIC, ESTER-BASED 2-STROKE ENGINE OIL**

Semi-synthetic, ester-based 2-stroke engine oil designed to ensure optimum protection and peak performance at any temperature for motorcycles, ATVs, outboards, PWCs and snowmobiles. Ultra clean burning, smokeless formulation utilizes surface-active esters and anti-wear additives to ensure optimal anti-suff protection. Advanced, ash-free additive system keeps your engine running clean and free of gum formation, corrosion and deposits.

**Exceeds NMMA TC-W3 / JASO FD / ISO-L-EGD specifications.**

**Available in: Liter/128oz**

## SNOWMOBILE

**TUNDRA R****SEMI-SYNTHETIC, ESTER-BASED 2-STROKE ENGINE OIL**

Semi-synthetic, ester-based 2-stroke engine oil designed to ensure optimum protection and performance for snowmobiles in severe race conditions. Ultra clean burning, smokeless formulation utilizes surface-active esters and anti-wear additives to ensure optimal anti-scuff protection at even the most extreme low temperatures. Advanced, ash-free additive system keeps your engine running clean and free of gum formation, corrosion and deposits.

**Exceeds JASO FD / ISO-L-EGD / API TC specifications.**

**Available in: Liter/128oz**

## SNOWMOBILE

**TUNDRA****HIGH PERFORMANCE 2-STROKE ENGINE OIL**

Mineral based 2-stroke engine oil designed to ensure optimum protection and performance for snowmobiles. Clean burning, low-smoke formulation utilizes high quality base stocks and anti-wear additives to protect critical engine parts at even the most extreme low temperatures. Advanced, low-ash additive system minimizes carbon build up while preventing rust, corrosion and wear.

**Exceeds JASO FD / ISO-L-EGD / API TC specifications.**

**Available in: Liter/128oz**

## PERSONAL WATERCRAFT

**MARINE PRO****HIGH PERFORMANCE 2-STROKE ENGINE OIL**

Mineral based 2-stroke engine oil designed to ensure optimum protection and performance for outboards and PWC. Clean burning, scuff-resistant formulation utilizes high quality base stocks and anti-wear additives to protect critical engine parts in extreme marine environments. Advanced, ash-free additive system keeps your engine running clean and free of gum formation, corrosion and deposits.

**Exceeds NMMA TC-W3 specifications.**

**Available in: Liter/128oz**

SCOOTER

**SCOOTER PRO 2T**

**SEMI-SYNTHETIC, ESTER-BASED 2-STROKE ENGINE OIL**

Semi-synthetic, ester-based 2-stroke engine oil designed to ensure optimum protection and peak performance for scooters and mopeds. Ultra-clean burning, low-smoke formulation utilizes surface-active esters and anti-wear additives to ensure optimal anti-scuff protection and engine temperature control. Advanced, low-ash additive system keeps your engine running clean and free of gum formation, corrosion and deposits.

**Exceeds JASO FD / ISO-L-EGD / API TC specifications.**

**Available in: Liter**

SCOOTER

**SCOOTER 2T**

**HIGH PERFORMANCE 2-STROKE ENGINE OIL**

Mineral based 2-stroke engine oil designed to ensure optimum protection and performance for scooters and mopeds. Clean burning, low-smoke formulation utilizes high quality base stocks and anti-wear additives to protect critical engine parts while helping to control engine temperatures. Advanced, low-ash additive system minimizes carbon build up while preventing rust, corrosion and wear.

**Exceeds JASO FC / API TC specifications.**

**Available in: Liter**

# MAXIMUM PROTECTION

**TRANS / GEAR 24**

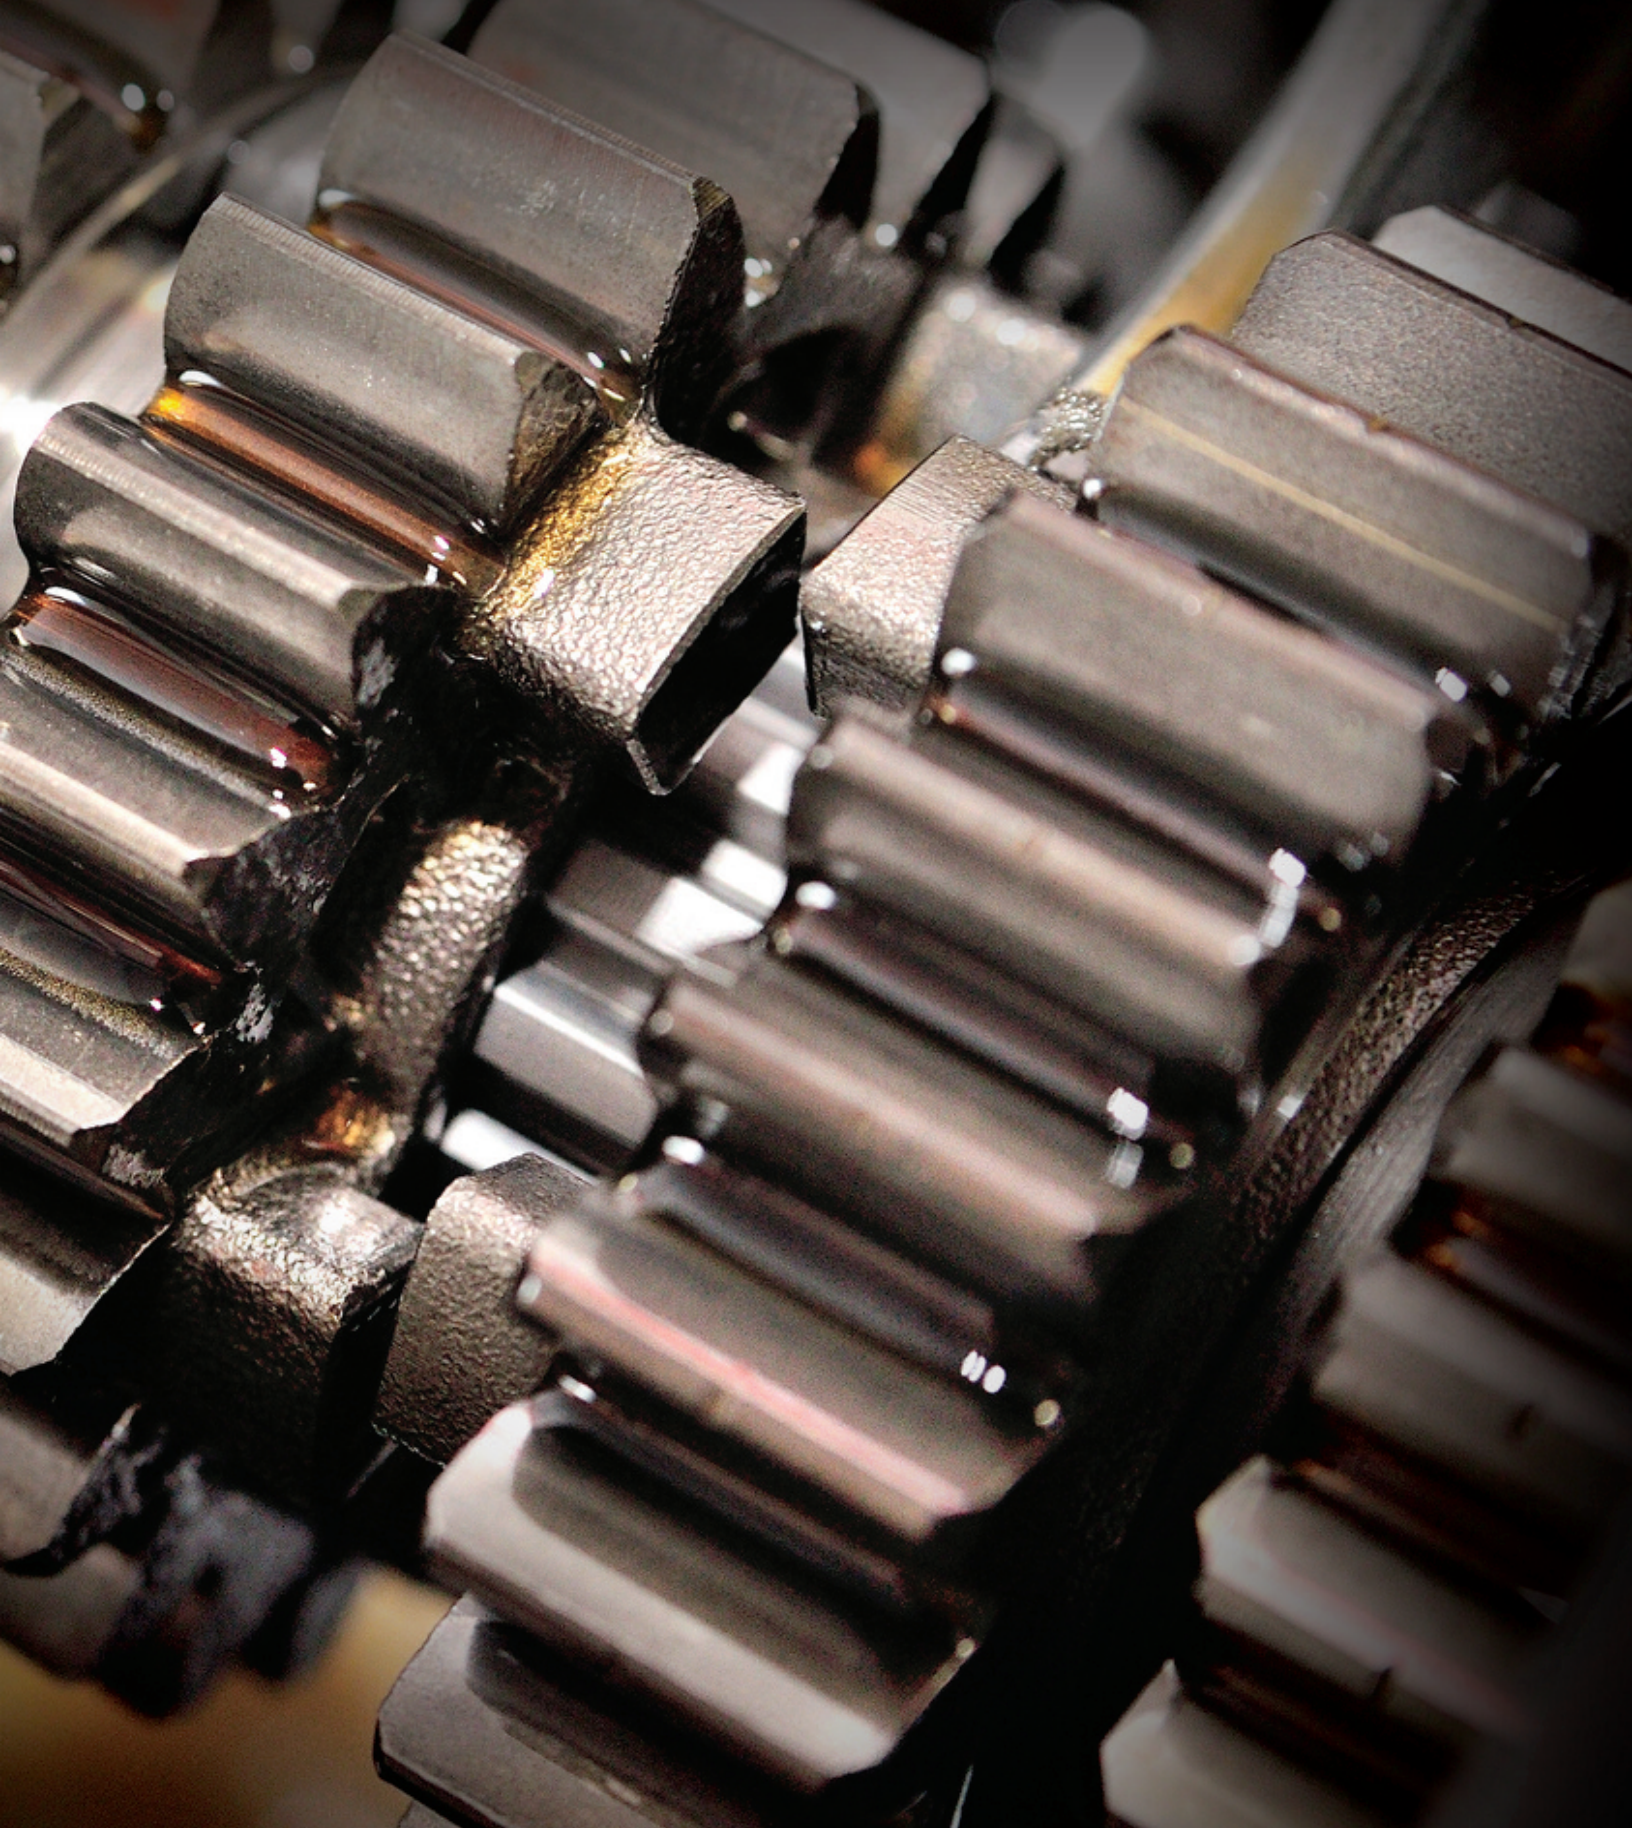

MAXIMA RACING OILS

**MAXIMA TRANS-GEAR OILS OFFER MAXIMUM PROTECTION & PERFORMANCE**

*What drives you? Maxima is driven by offering end users the best performance and protection possible. Transmissions and gearboxes see incredible demands even under normal use with elevated loads, high operating temps and extended drain intervals. Unique designs provide smoother, quieter operation, but pose challenges for the lubricant. Compact units, aggressive cuts on gear teeth and wet clutch systems require specific fluids designed for those applications. Maxima offers a complete line of transmission and gear oils for everyday use to extreme racing conditions. All applications, everyday – SXS, off-road motorcycle and V-Twin.*

# ON & PERFORMANCE

## **MTL 85**

### **HIGH PERFORMANCE TRANSMISSION LUBRICANT**

**85WT EQUIVALENT TO 15W-50**

Mineral based motorcycle transmission lubricant formulated for use in both 2-stroke and 4-stroke transmissions. Provides excellent film thickness and viscosity stability across all operating temperatures for maximum clutch and gear protection. Proprietary ClutchSaver™ formula ensures optimal clutch engagement, prevents slippage and minimizes wear.

**Exceeds the requirements of JASO MA2.**

**Available in: Liter**

## **MTL 80**

### **HIGH PERFORMANCE TRANSMISSION LUBRICANT**

**80WT EQUIVALENT TO 10W-40**

Mineral based motorcycle transmission lubricant formulated for use in both 2-stroke and 4-stroke transmissions. Provides excellent film thickness and viscosity stability across all operating temperatures for maximum clutch and gear protection. Proprietary ClutchSaver™ formula ensures optimal clutch engagement, prevents slippage and minimizes wear.

**Exceeds the requirements of JASO MA2.**

**Available in: Liter**

## **MTL 75**

### **HIGH PERFORMANCE TRANSMISSION LUBRICANT**

**75WT EQUIVALENT TO 10W-30**

Mineral based motorcycle transmission lubricant formulated for use in both 2-stroke and 4-stroke transmissions. Provides excellent film thickness and viscosity stability across all operating temperatures for maximum clutch and gear protection. Proprietary ClutchSaver™ formula ensures optimal clutch engagement, prevents slippage and minimizes wear.

**Exceeds the requirements of JASO MA2.**

## **CONVERSION CHART GEAR OIL VS. ENGINE OIL**

Many owner's manuals spec 10W-40 engine oil for use in motorcycle gear boxes. Maxima MTL is available in 75, 80 & 85WT. Keep these points in mind and use this cross reference chart when making your buying decision:

**1) Gear oil viscosity is taken at 40°C    2) Engine oil viscosity is taken at 100°C**

<b>GEAR OIL</b>	<b>ENGINE OIL</b>	<b>IDEAL USE</b>
<b>75WT</b>	<b>30WT ENGINE OIL</b> (E.G., 5W-30 OR 10W-30)	<b>50CC-125CC</b>
<b>80WT</b>	<b>40WT ENGINE OIL</b> (E.G., 10W-40 OR 20W-40)	<b>125CC-500CC</b> MOST POPULAR WEIGHT
<b>85WT</b>	<b>50WT ENGINE OIL</b> (E.G., 15W-50 OR 20W-50)	<b>DESERT &amp; ENDURO</b>

## **PREMIUM GEAR OIL** **HIGH PERFORMANCE GEAR OIL** **80W-90**

Mineral-based gear oil specifically formulated for use in motorcycles and ATVs. Robust, shear-stable formulation is designed for transmissions without wet-clutches, differentials with or without hypoid gears and shaft-drives. Proprietary shape combines the finest mineral base stocks with industry leading extreme pressure and anti-wear additives to ensure hardware protection and smooth shifting.

**Exceeds the requirements of API GL-5.**

**Available in: Liter**

## **SYN GEAR OIL** **SYNTHETIC GEAR OIL** **75W-90**

Full synthetic, ester-based gear oil specifically formulated for use in motorcycles and ATVs. Unique, oxidatively-stable formulation is designed for transmissions without wet-clutches, differentials with or without hypoid gears and shaft-drives. Proprietary shape combines exotic esters with industry leading extreme pressure and anti-wear additives to reduce friction while ensuring ultimate hardware protection.

**Exceeds the requirements of API GL-5.**

**Available in: Liter**

V-TWIN

## **V-TWIN TRANSMISSION** **HIGH PERFORMANCE GEAR OIL 80W-90**

## **V-TWIN HEAVY DUTY** **HIGH PERFORMANCE GEAR OIL HD 85W-140**

Mineral-based gear oil specifically formulated for use in 4-, 5- and 6-speed high performance gear boxes. Robust, shear-stable formulation is designed for Harley-Davidson® transmissions or V-Twin models without wet-clutches. Proprietary shape combines the finest mineral base stocks with industry leading extreme pressure and anti-wear additives to ensure ultimate hardware protection and smooth shifting.

**Exceeds the requirements of API GL-5.**

**Available in: 32oz**

V-TWIN

### **V-TWIN SPORTSTER** HIGH PERFORMANCE GEAR/CHAIN CASE OIL

**85WT**

Mineral-based motorcycle gear oil formulated specifically for use in high performance V-Twin Sportster transmissions and primary chain cases. Robust formulation maintains film thickness and viscosity stability across all operating temperatures to minimize chain and gear wear. Advanced formula ensures optimal clutch engagement, facilitating smooth shifts and enabling maximum power even under extreme loads.

**Available in: 32oz**

V-TWIN

### **V-TWIN SYN PRIMARY** 100% SYNTHETIC, ESTER-BASED GEAR OIL

**80WT**

Full synthetic, ester-based motorcycle gear oil formulated specifically for use in high performance V-Twin transmissions and primary chain cases. Surface-active, oxidatively stable formulation maintains excellent film thickness and viscosity stability across all operating temperatures for maximum chain and gear protection. Advanced formula ensures optimal clutch engagement, prevents slippage and minimizes wear.

**Available in: 32oz**

V-TWIN

### **V-TWIN PRIMARY** HIGH PERFORMANCE GEAR OIL

**80WT**

Mineral-based motorcycle gear oil formulated specifically for use in high performance V-Twin transmissions and primary chain cases. Robust formulation maintains film thickness and viscosity stability across all operating temperatures to minimize chain and gear wear. Advanced formula ensures optimal clutch engagement, preventing slippage and facilitating smooth shifts even under extreme loads.

**Available in: 32oz**

UTV

## **SXS TRANS** HIGH PERFORMANCE TRANSMISSION OIL 80WT

Mineral-based transmission fluid formulated specifically for use in modern side-by-side (SXS) vehicles. Robust formulation maintains film thickness and viscosity stability across all operating temperatures to minimize chain and gear wear. Advanced formula ensures optimal clutch engagement, preventing slippage and facilitating smooth shifts even under extreme loads.

**Exceeds the requirements of JASO MA2.**

**Available in: Liter**

UTV

## **SXS SYN GEAR** HIGH PERFORMANCE FULL SYNTHETIC GEAR OIL 75W-140

Full synthetic, ester-based gear oil specifically formulated for hypoid-type differentials found in modern side-by-side (SXS) vehicles. Unique, oxidatively-stable formulation is designed to withstand the demanding and varying conditions of SXS vehicles, from high-load farm work to high-speed desert riding. Proprietary shape combines exotic esters with industry leading extreme pressure and anti-wear additives to reduce friction while ensuring ultimate hardware protection.

**Exceeds the requirements of API GL-5.**

**Available in: Liter**

UTV

## **SXS GEAR** HIGH PERFORMANCE GEAR OIL 80W-90

Mineral-based gear oil specifically formulated for hypoid-type differentials found in modern side-by-side (SXS) vehicles. Robust, shear-stable formulation can also be used in side-by-side transmissions and gear cases requiring SAE 90wt gear oil. Proprietary shape combines the finest mineral base stocks with industry leading extreme pressure and anti-wear additives to ensure hardware protection and smooth shifting.

**Exceeds the requirements of API GL-5.**

**Available in: Liter**

## **SXS FRONT DRIVE FLUID**

### **HIGH PERFORMANCE FULL SYNTHETIC FRONT DRIVE FLUID**

Full synthetic, ester-based fluid formulated specifically for use in SXS/ATV/UTV front drives, differentials, wet brakes and hubs. Surface-active, oxidatively stable formulation maintains excellent film thickness and viscosity stability across all operating temperatures, delivering maximum anti-wear and extreme pressure performance for workhorse and racing machines alike. Advanced chemistry maximizes lubricity and efficiency while preventing corrosion, foaming and clutch chatter.

**Exceeds the requirements of API GL-5.**

**Available in: 16oz**

## **CHAIN CASE LUBE**

### **100% SYNTHETIC CHAIN CASE LUBRICANT**

#### **75W-140**

Full synthetic chain case lubricant specifically formulated to maintain exceptional flow in extreme cold temperatures. Robust, shear-stable formulation combines high quality synthetic base stocks with industry leading extreme pressure and anti-wear additives to ensure maximum protection for highly loaded chains and sprockets. Advanced additive system ensures protection from oxidation and corrosion.

**Available in: 16oz**

## **SCOOTER GEAR OIL**

### **HIGH PERFORMANCE GEAR OIL**

#### **80W-90**

Mineral-based gear oil specifically formulated for use in 2-stroke or 4-stroke scooters and mopeds. Robust, shear-stable formulation maintains oil film thickness to protect transmissions under severe stop-and-go city driving conditions. Proprietary shape combines the finest mineral base stocks with industry leading extreme pressure and anti-wear additives to ensure hardware protection and smooth shifting during full throttle accelerations.

**Exceeds the requirements of API GL-4 and GL-5.**

**Available in: 180mL Tube**

# ZERO FADE PE

## **SUSPENSION FLUIDS** 32

MAXIMA RACING OILS

### **ZERO FADE FORMULAS PUT A DAMPER ON THE COMPETITION**

*Suspension tuning is critical for proper handling and ride comfort. One of the most important aspects of a proper tune is the fluid the fork or shock is serviced with. High performance suspension fluids play a role in controlling rebound and damping. This ensures your wheels hug the ground to transfer engine power to propel you forward. Replicate this scenario a thousand times over each ride and you'll quickly understand the importance of maintaining consistent fluid dynamics over extended periods of time. When suspension fluids break down, so does the handling of your equipment. Ensure your ride is the best experience possible by using high quality Maxima suspension fluids.*

# PERFORMANCE!

### **SYN RACING SHOCK FLUID**

#### **100% SYNTHETIC HIGH PERFORMANCE SHOCK FLUID**

##### **LIGHT 3WT**

Full-synthetic, ester-based shock fluid designed to ensure maximum performance and provide maximum protection under the most severe conditions. Shear stable, ultra-high viscosity index (>350) formulation maintains film strength and reduces wear under extreme temperatures. Advanced additive system reduces stiction and running friction, while minimizing foaming and air entrainment. Ultra clean formulation eliminates corrosion, conditions seals and extends equipment life.

**Available in: 32oz**

### **RACING SHOCK FLUID**

#### **ZERO FADE FORMULA HIGH PERFORMANCE SHOCK FLUID**

##### **LIGHT 3WT • MEDIUM 7WT • HEAVY 10WT**

Mineral based shock fluid designed for use in high performance shocks. Shear stable, high (300+) viscosity index formulation maintains viscosity and film strength while reducing wear. Advanced additive system minimizes stiction and reduces running friction while minimizing foaming and air entrainment. Ultra clean formulation eliminates corrosion, conditions seals and extends equipment life.

**Available in: 32oz**

### **RACING FORK FLUID**

#### **HIGH PERFORMANCE RACING FORK OIL**

##### **5WT • 7WT • 10WT • 15WT**

Mineral based racing fork oil designed for all high performance cartridge and standard-type forks. Shear stable, high viscosity index formulation maintains film strength and utilizes industry-leading anti-wear chemistry to reduce wear. Advanced, proprietary additive system prevents stiction and reduces running friction while minimizing foaming and air entrainment. Ultra clean formulation eliminates corrosion and conditions seals.

**Available in: Liter**

**FORK OIL**  
**HIGH PERFORMANCE FORK OIL**  
**CARTRIDGE & CONVENTIONAL FORK OIL**  
**5WT • 10WT • 15WT • 20WT**

Mineral based fork oil designed for cartridge and standard-type forks. Shear stable, high viscosity index formulation maintains film strength and reduces wear. Advanced, Lubricinol-fortified additive system minimizes stiction and reduces running friction while minimizing foaming and air entrainment. Ultra clean formulation eliminates corrosion and conditions seals.

**Available in: 16oz/Liter**

**V-TWIN FORK OIL**  
**HIGH PERFORMANCE FORK OIL**  
**5WT H-D TYPE E, 10WT H-D TYPE B & 20WT H-D TYPE HD**

Mineral based fork oil designed specifically for use with H-D® Fork Systems. Shear stable, high viscosity index formulation maintains film strength and reduces wear. Advanced, Lubricinol-fortified additive system minimizes stiction and reduces running friction while minimizing foaming and air entrainment. Ultra clean formulation eliminates corrosion, conditions seals and extends equipment life.

**Available in: 32oz**

**PAILS & DRUMS**  
**5-GALLON PAILS & 55-GALLON DRUMS**

Most of Maxima's products are available in 5-gallon pails and 55-gallon drums. The 5-gallon pails are packed in a heavy duty box for easier and less costly UPS shipping. The economical plastic pump fits on all Maxima 5-gallon pails and 55-gallon drums. Both larger size containers offer the consumer exceptional price points.

# OUR AEROSOLS

**AEROSOLS 36**

MAXIMA RACING OILS

## **MAXIMA RACING OILS LEADS THE INDUSTRY WITH ITS AEROSOL LINE**

*With top selling products in all categories, it's hard to overlook the strength of Maxima's aerosol line. Our wide aerosol product line offers award winning SC1 high gloss coating – with seemingly endless possibilities – to the #1 selling chain lube in the market, Maxima Chain Wax.*

# LS OUTSHINE!

# THE ORIGINAL STILL THE BEST NUMBER 1 SHINE ON

**ACCEPT NO SUBSTITUTES**

RIDE, CLEAN AND SC1 YOUR RIDE TO KEEP IT WORKING AND LOOKING ITS BEST | RESTORES THAT FACTORY SHINE

**SC1  
HIGH GLOSS COATING**

The original and unrivaled “New Bike in a Can”, SC1 truly restores that factory shine and lives up to the claim. SC1 high gloss coating is specifically formulated to protect and beautify multiple surfaces including plastic, vinyl, rubber and carbon fiber. Water-resistant formulation is safe for use on gloss or matte finishes and makes the clean-up process easier by forming a durable coating that repels mud, dirt and debris. Can be applied and left untouched or allowed to setup and be buffed to a dry sheen, leaving a long-lasting luster.

**Available in: 17.2 FL. OZ.**

**SPEED WAX  
PROFESSIONAL STRENGTH DETAILER**

Professional strength, all-in-one detailer designed to maximize shine while minimizing effort and time. Unique and proprietary formulation creates a clear carnauba wax film that leaves a brilliant, residue-free shine. The special wax film goes beyond aesthetics by utilizing conditioners, color enhancers and protectants to protect, as well as polish. Unique and proprietary formulation is safe for use on painted surfaces, chrome, anodizing, windscreens and plastic.

**Available in: 17.8 FL. OZ.**

**SUSPENSION CLEAN  
PROFESSIONAL STRENGTH CLEANER**

Professional strength cleaner specifically designed to clean suspension internally and externally. Unique and proprietary formulation combines industrial strength cleaners with a powerful spray to ensure maximum cleanliness while leaving a dry and residue free surface. Suspension Clean is strong enough to eliminate tough-to-clean grime and debris, but safe enough for incidental contact with Nitrile (buna-n), Viton and most seal materials.

**Available in: 18.1 FL. OZ.**

**ELECTRICAL CONTACT CLEANER  
CITRUS SCENTED  
PROFESSIONAL STRENGTH CLEANER**

Professional strength cleaner specifically designed to remove grease, oil and other contaminants from electrical components. Unique and proprietary formulation displaces moisture and is completely non-corrosive and non-staining. CFC-free and VOC compliant cleaner safely cleans electrical components, dries quickly and leaves behind no moisture, residue or film.

**Available in: 17.5 FL. OZ.**

**CLEAN UP**

**PROFESSIONAL STRENGTH CHAIN CLEANER**

Professional strength, emulsion type cleaner specifically designed to remove lube, dirt, sand, mud and other contaminants. Unique and proprietary formulation is designed to thoroughly clean O, X and Z-ring chains without harming rubber o-rings or metal surfaces. Spray-on, easy to rinse cleaner won't harm the finish on gold chains, standard chains, aluminum or steel.

**Available in: 17.1 FL. OZ.**

**MPPL**

**MULTI-PURPOSE PENETRANT LUBE**

Superior, all-purpose penetrating lube that displaces water and provides excellent rust and corrosion protection. Unique and proprietary formulation forms a durable film that provides protection against both wear and corrosion. MPPL is the perfect choice for anywhere that a penetrating or multi-purpose lubricant is needed, whether on equipment in the garage, or hinges and locks in the house.

**Available In: 14.5 FL. OZ.**

**THE ULTIMATE CHAIN CARE KIT FEATURING CHAIN WAX AS PRESCRIBED BY MOTOCROSS ACTION MAGAZINE**

CleanUp, MPPL and Chain Wax are a winning combination proven to increase horsepower and extend chain and sprocket life. Maxima CleanUp is an emulsion-type degreaser excellent for removing built up grime from chains and easily washes out with water. MPPL (Multi-Purpose Penetrant Lube) is a superior, all-purpose spray-on penetrating lube that provides an excellent barrier against rust & corrosion and is an effective moisture displacer. Chain Wax is America's #1 chain lubricant. Exclusive Parafilm™ formula sprays on as a liquid, penetrates and then sets up as a soft waxy film, creating an excellent lube that protects the chain from the elements. Outstanding rust & corrosion protectant. Will not fling off or attract dirt. For street & off-road use. **3 PACK CONTAINS: CleanUp 17.1 FL. OZ., MPPL 14.5 FL. OZ. and Chain Wax 18.1 FL. OZ.**

**INCREASE HORSEPOWER, EXTEND CHAIN & SPROCKET LIFE!**

A fast, easy and effective way to maintain your bike's driveline with The Ultimate Chain Care Kit from Maxima.

**CHAIN WAX**  
**AMERICA'S #1 MOTORCYCLE**  
**CHAIN LUBRICANT**

Spray chain lubricant designed to form a long-lasting film that protects in both extremely dry and extremely wet environments. Unique ParaFilm™ formula penetrates deeply, eliminating fling-off and ensuring an effective seal between the chain and the elements. In addition to the durable and protective paraffin film, Maxima Chain Wax is further fortified with world-class additives that eliminate corrosion while minimizing chain stretch and wear.

**Available In: 7.4 FL. OZ. & 18.1 FL. OZ.**

**SYNTHETIC CHAIN GUARD**  
**100% SYNTHETIC CHAIN LUBRICANT**

Full synthetic spray chain lubricant designed for all conditions (wet and dry). Unique ester-fortified formula penetrates deeply and tenaciously clings to the surface, minimizing fling-off and ensuring the entirety of the chain remains lubricated. Maxima Synthetic Chain Guard is further reinforced with world-class additives that eliminate corrosion and noise while minimizing chain stretch and wear.

**Available In: 7.4 FL. OZ. & 18.1 FL. OZ.**

**THE ULTIMATE CHAIN CARE KIT FEATURING CHAIN GUARD**  
**AS PRESCRIBED BY MOTOCROSS ACTION MAGAZINE**

CleanUp, MPPL and Synthetic Chain Guard are a winning combination proven to increase horsepower and extend chain and sprocket life. Maxima CleanUp is an emulsion-type degreaser excellent for removing built up grime from chains and easily washes out with water. MPPL (Multi-Purpose Penetrant Lube) is a superior, all-purpose spray-on penetrating lube that provides an excellent barrier against rust & corrosion and is an effective moisture displacer. Synthetic Chain Guard's crystal clear formula resists fling off. Advanced technology allows lube to penetrate critical inner pins and rollers, lubricating and protecting them from friction, shock load and high temperatures. Protective boundary guards chain against rust & corrosion while super clean formula minimizes the attraction of dirt. For off-road & street use.

**3 PACK CONTAINS: CleanUp 17.1 FL. OZ., MPPL 14.5 FL. OZ. and Syn Chain Guard 18.1 FL. OZ.**

**INCREASE HORSEPOWER, EXTEND CHAIN & SPROCKET LIFE!**

A fast, easy and effective way to maintain your bike's driveline with The Ultimate Chain Care Kit from Maxima.

# FIRE BREATHING DRAGON

**AIR FILTER CLEANER  
SPRAY-ON AIR FILTER CLEANER**

Professional strength, emulsion type cleaner specifically designed to remove grease, heavy filter oils and other contaminants from foam and fabric air filters. Unique and proprietary formulation contains no caustic chemicals, will not damage foam cells, paper or glue and easily washes out with water. Maxima Air Filter Cleaner is consistently ranked as best in class and contains no harmful CFCs.

**Available In: 17.1 FL. OZ.**

**FAB-1  
SPRAY-ON FILTER OIL  
RATED #1 - BEST ON THE MARKET**

High performance, synthetic based filter oil designed for all oil-type fabric and foam air filter elements. Extremely tacky blend of advanced polymers attracts and tenaciously holds on to dirt, dust and other harmful contaminants, keeping them out of the intake system. Unique and proprietary formulation forms protective barrier that keeps water and contaminants from passing through the filter while preventing “wash out” from carburetor fogging, offering ultimate engine protection.

**Available In: 18.8 FL. OZ.**

**AIR FILTER CARE KIT  
FEATURING MAXIMA AIR FILTER CLEANER & FAB-1**

A clean and perfectly oiled air filter provides maximum airflow and increased horsepower. Maxima Air Filter Cleaner is a heavy duty emulsion-type cleaner designed to thoroughly remove oil and dirt. FAB-1 spray-on synthetic air filter oil (same proven formula as FFT) provides unequalled protection against the elements. FAB-1's protective coating catches dirt and dust without restricting airflow.

- Heavy duty, emulsion-type cleaner
- For both foam & fabric filters
- Will not damage foam, paper or glue
- Easily washes out with water

**2 PACK CONTAINS: Maxima Air Filter Cleaner 17.1 FL. OZ. and FAB-1 spray-on air filter oil 18.8 FL. OZ.**

## MAXIMA OIL CHANGE IN A BOX

Designed to ease the oil change process in your H-D motorcycle. Each kit comes with all necessary products to complete a full oil change including engine oil, transmission oil, primary oil plus a ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut in black or chrome. Depending on the year and model motorcycle, synthetic or mineral engine oil kits are available.

### SPORTSTER SYNTHETIC

#### SYNTHETIC 20W-50, BLACK FILTER KIT

FITS '86-PRESENT SPORTSTER ENGINES

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Sportster & Chain Case Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### SYNTHETIC 20W-50, CHROME FILTER KIT

FITS '86-PRESENT SPORTSTER ENGINES

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Sportster & Chain Case Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

### EVOLUTION MINERAL

#### MINERAL 20W-50, BLACK FILTER KIT

FITS '84-'99 EVOLUTION ENGINES

- 4 quarts of Maxima V-Twin Mineral 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 1 quart of Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### MINERAL 20W-50, CHROME FILTER KIT

FITS '84-'99 EVOLUTION ENGINES

- 4 quarts of Maxima V-Twin Mineral 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 1 quart of Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

### TWIN CAM SYNTHETIC

#### SYNTHETIC 20W-50, BLACK FILTER KIT

FITS '99-PRESENT TWIN CAM ENGINES

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 1 quart of Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### SYNTHETIC 20W-50, CHROME FILTER KIT

FITS '99-PRESENT TWIN CAM ENGINES

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 1 quart of Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

### MILWAUKEE-EIGHT SYNTHETIC

#### SYNTHETIC 20W-50, BLACK FILTER KIT

- 5 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 2 quarts of Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### SYNTHETIC 20W-50, CHROME FILTER KIT

- 5 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 2 quarts of Maxima V-Twin Mineral Primary Oil
- ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

## MAXIMA QUICK CHANGE KIT

Quick Change kit includes one gallon of engine oil and a ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut in black or chrome to complete an oil change on your H-D motorcycle. Depending on the year and model motorcycle, synthetic or mineral engine oil kits are available.

### QUICK CHANGE EVO-SPORTSTER MINERAL

#### MINERAL 20W-50, BLACK FILTER KIT

FITS '84-'99 EVOLUTION ENGINES AND '99-PRESENT SPORTSTER ENGINES

- 4 quarts of Maxima V-Twin Mineral 20W-50 Engine Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### MINERAL 20W-50, CHROME FILTER KIT

FITS '84-'99 EVOLUTION ENGINES AND '99-PRESENT SPORTSTER ENGINES

- 4 quarts of Maxima V-Twin Mineral 20W-50 Engine Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

### QUICK CHANGE TWIN CAM SYNTHETIC

#### SYNTHETIC 20W-50, BLACK FILTER KIT

FITS '99-PRESENT TWIN CAM ENGINES

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### SYNTHETIC 20W-50, CHROME FILTER KIT

FITS '99-PRESENT TWIN CAM ENGINES

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

### QUICK CHANGE MILWAUKEE-EIGHT SYNTHETIC

#### SYNTHETIC 20W-50, BLACK FILTER KIT

- 5 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Black

#### SYNTHETIC 20W-50, CHROME FILTER KIT

- 5 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 ProFilter Premium Spin-On Oil Filter with Wrench Removal Nut: Chrome

**THE MOST COMPREHENSIVE SIDE-BY-SIDE SPECIFIC LINE-UP**

Maxima offers a high performance line of oils specifically designed for your SXS. Modern Side-By-Sides produce more horsepower than ever, putting added strain on critical engine, trans and gearbox components. Maxima protects your SXS while at the same time getting the most out of it.

**POLARIS SXS QUICK CHANGE KIT****SYNTHETIC 5W-40, BLACK FILTER KIT**

**FITS ALL 2013 + POLARIS RANGER 900 AND POLARIS RZR XP NON-TURBO AND TURBO MODELS**

- 3 liters of Maxima SXS Full Synthetic 5W-40 Engine Oil
- 1 ProFilter Oil Filter with Wrench Removal Nut: Black
- 1 Drain Plug Crush Washer

**POLARIS SXS QUICK CHANGE KIT****SYNTHETIC 10W-50, BLACK FILTER KIT**

**FITS ALL 2013 + POLARIS RANGER 900 AND POLARIS RZR XP NON-TURBO AND TURBO MODELS**

- 3 liters of Maxima SXS Full Synthetic 10W-50 Engine Oil
- 1 ProFilter Oil Filter with Wrench Removal Nut: Black
- 1 Drain Plug Crush Washer

**CAN-AM SXS QUICK CHANGE KIT****SYNTHETIC 5W-40**

**FITS ALL ROTAX 900 ACE ENGINES**

- 4 liters of Maxima SXS Full Synthetic 5W-40 Engine Oil
- 1 ProFilter Premium Cartridge Oil Filter
- 2 Drain Plug Crush Washer

**CAN-AM SXS QUICK CHANGE KIT****SYNTHETIC 10W-50**

**FITS ALL ROTAX 900 ACE ENGINES**

- 4 liters of Maxima SXS Full Synthetic 10W-50 Engine Oil
- 1 ProFilter Premium Cartridge Oil Filter
- 2 Drain Plug Crush Washer

**BIO WASH**

**PROFESSIONAL STRENGTH ALL-PURPOSE CLEANER**

Unique, biodegradable all-purpose cleaner featuring fast-acting cleaning agents that lift away dirt while scrubbing grime and oil based deposits. Specially engineered surfactants lower surface tension, allowing better penetration and wetting of solids. Tough on dirt, yet gentle enough to use on delicate surfaces including paint, plastic, chrome, anodizing, rubber, carbon fiber and almost anything you throw at it. Advanced micro chemistry protects aluminum, magnesium and alloys. Non-toxic formula contains no VOCs, harmful acids, CFC's or solvents and is 50 state VOC compliant.

- Professional strength, yet gentle enough for most surfaces
- 100% biodegradable
- Advanced micro chemistry protects metal and alloys
- Contains no VOCs, harmful acids, CFC's or solvents
- 50 state VOC compliant

Available In: 32oz Spray Bottle

**AIR FILTER CLEANER**

**CLEANS FOAM & FABRIC AIR FILTERS  
READY-TO-USE**

Professional strength, emulsion type cleaner specifically designed to remove grease, heavy filter oils and other contaminants from foam and fabric air filters. Unique and proprietary formulation contains no caustic chemicals, will not damage foam cells, paper or glue and easily washes out with water. Maxima Air Filter Cleaner is consistently ranked as best in class and contains no harmful CFCs.

Available In: 64oz

**FFT**

**SEMI-SYNTHETIC FOAM FILTER TREATMENT OIL  
RATED #1 - BEST ON THE MARKET**

Semi-synthetic foam air filter oil designed through a 3-year development program to maximize collection of particulates and contaminants while ensuring optimal air flow. Unique formulation utilizes a proprietary blend of synthetic polymers to allow up to 12% more air flow than competitive formulations while stopping up to 8% more contaminants. Extensively developed formulation resists water, gasoline "fogging" and will not dry out. Safe for use on all foam air filters.

Available In: 16oz/32oz

**AIR FILTER CLEANER**

**SPRAY-ON AIR FILTER CLEANER**

Professional strength, emulsion type cleaner specifically designed to remove grease, heavy filter oils and other contaminants from foam and fabric air filters. Unique and proprietary formulation contains no caustic chemicals, will not damage foam cells, paper or glue and easily washes out with water. Maxima Air Filter Cleaner is consistently ranked as best in class and contains no harmful CFCs.

Available In: 17.1 FL. OZ.

**FAB-1**

**SPRAY-ON FILTER OIL  
RATED #1 - BEST ON THE MARKET**

High performance, synthetic based filter oil designed for all oil-type fabric and foam air filter elements. Extremely tacky blend of advanced polymers attracts and tenaciously holds on to dirt, dust and other harmful contaminants, keeping them out of the intake system. Unique and proprietary formulation forms protective barrier that keeps water and contaminants from passing through the filter while preventing "wash out" from carburetor fogging, offering ultimate engine protection.

Available In: 18.8 FL. OZ.

## **MATTE FINISH CLEANER** **PROFESSIONAL STRENGTH CLEANER**

Fast-acting, all-purpose cleaner designed to remove mud, dirt and debris from matte finishes. Specially blended surfactants and detergents lift away solids without sticking to the surface, leaving the surface clean and residue-free. Non-toxic, non-flammable and eco-friendly formulation contains no VOCs, harmful acids, CFC's or solvents and is 50 state VOC compliant.

- Cleans & protects matte finishes
- Adds no gloss or shine
- Removes dirt, dust, road grime, fingerprints and more
- 100% biodegradable
- Contains no VOCs, harmful acids, CFC's or solvents
- Non-flammable

Available In: 16oz Spray Bottle

## **COOLANOL** **READY-TO-USE ENGINE COOLANT AND ANTIFREEZE**

High performance coolant and antifreeze formulated to provide protection from overheating and freezing under even the most extreme conditions. The extensively developed formulation combines premium ethylene glycol and pure deionized water with advanced additive chemistries to provide optimum cooling, water pump lubrication and corrosion protection for all liquid-cooled engines. The robust anti-foam system minimizes pump cavitation, thereby increasing cooling capacity and extending equipment life.

- Premixed with pure, deionized water for optimum performance and convenience
- Enables maximum horsepower by controlling engine temperatures
- Advanced formulation protects against rust, corrosion and cavitation
- Nitrate, amine and borax free!
- 100% biodegradable in unused form
- Safely mixes with most OEM glycol-based anti-freeze/coolants

Available In: 64oz

## **COOL-AIDE** **CONCENTRATE & READY-TO-USE ENGINE COOLANT AND ANTIFREEZE**

Formulated to reduce engine temperatures and provide significantly better contact on heated surfaces allowing for greater and more efficient heat transfer. Cool-Aide comes in two forms: 64oz. Ready-to-Use bottle that requires no mixing or blending and in a powerful 16oz. Concentrate. Cool-Aide mixes with water and antifreeze. Cool-Aide is for race use and does not offer freeze protection. Approved for race use on paved surfaces.

- Enables maximum horsepower by controlling engine temperatures
- Advanced formulation protects against rust, corrosion and cavitation
- Nitrate, amine and borax free!
- 100% biodegradable in unused form
- Safely mixes with most OEM glycol-based anti-freeze/coolants

Available In: 16oz Concentrate & 64oz Ready-To-Use

## MAINTENANCE PRODUCTS 50

### HI-TEST

#### HIGH PERFORMANCE OCTANE BOOSTER

Concentrated, metal-free octane booster designed to increase power by increasing octane number and combustion efficiency. The advanced formulation eliminates knocking by increasing the auto-ignition temperature of the air/fuel mixture and readily mixes with all fuels, including nitro and alcohol mixtures. The all organic blend contains no metal or phosphorus compounds and effectively increases power at dosages as low as 1 oz. HI-TEST per gallon of fuel.

**Available In: 16oz**

### WATERPROOF GREASE

#### MULTI-PURPOSE LITHIUM COMPLEX GREASE

High performance Lithium complex grease that excels in a multitude of conditions, from light duty chassis applications to extreme conditions such as wheel bearings. Formulated with a high dropping point and a robust antioxidant system, the NLGI Grade 2 grease remains stable and effective at extreme temperatures. The Lithium complex thickener and high-quality base oils combine with an advanced additive package to ensure excellent protection against wear, water washout, corrosion and oxidation.

**Available In: 16oz Tub**

### ASSEMBLY GREASE

#### CALCIUM SULFONATE COMPLEX ASSEMBLY GREASE

Specialty high performance assembly grease that excels in a multitude of heavy duty and light duty applications, from building engines to building chassis. The unique calcium sulfonate complex soap thickener combines with a proprietary additive system to deliver unmatched thermal stability and extreme pressure performance. The oil-soluble formulation won't clog filters and provides exceptional protection against corrosion, water washout and wear.

**Available In:  
1oz Pillow Pack  
& 16oz Tub**

### SYN DOT 4 RACING BRAKE FLUID

#### 600 PLUS SERIES SYNTHETIC BRAKE FLUID

Synthetic, zero-fade racing brake fluid designed to ensure maximum stopping power and protection for critical brake system components under the most extreme racing conditions. Extensively developed formulation maintains unparalleled responsiveness and performance by preventing water contamination and vaporization in any environment. Advanced chemistry resists oxidation under excessive temperature, prevents corrosion and is compatible with SBR and EPDM rubbers. Exceeds the requirements of US FMVSS 116 DOT 3 & DOT 4, SAE J1703 and SAE J1704.

**Available In: 16.9oz**

### DOT 4 BRAKE FLUID

#### UNIVERSAL BRAKE & CLUTCH FLUID

High performance brake and clutch fluid designed to lubricate and protect critical brake system componentry while providing reliable stopping power. Anti-vapor lock formulation maintains responsiveness and performance by fighting both water contamination and vaporization. Advanced chemistry resists corrosion, oxidation and is compatible with SBR, EPDM and natural rubbers. Exceeds the requirements of US FMVSS 116 DOT 3 & DOT 4, SAE J1703, SAE J1704 and ISO 4925 (Classes 3 & 4).

**Available In: 16.9oz**

## FUEL ENHANCER

### PERFORMANCE ENHANCER & STABILIZER

Fuel performance enhancer designed to prevent and cure all problems caused by ethanol due to ethanol's corrosivity and high affinity for water. Fuel Enhancer prevents water and ethanol from reaching critical components and can help prevent corrosion where water has previously been introduced. The advanced formulation conditions and stabilizes fuel against oxidation and extends fuel life. The world class additive system prevents varnish, deposits and gum and can help clean up a fuel system that already contains these unwanted contaminants.

**Available In: 1oz Pillow Pack & 32oz Bottle**

## ASSEMBLY LUBE

### HIGH PERFORMANCE ASSEMBLY LUBRICANT

Specialty lubricant designed to form a durable protective film on moving components and wear surfaces during assembly and initial break-in. Formulated with an advanced 2X Zinc anti-wear system that activates at both high and low temperatures, Assembly Lube prevents metal-to-metal contact after startup, before the engine oil can reach critical components. The non-foaming formulation easily dissolves into both mineral and synthetic oils, won't clog filters and provides exceptional rust and corrosion protection during service and extended storage.

**Available In: 4oz Bottle**

## MPPL LIQUID

### MULTI-PURPOSE PENETRANT LUBE

Superior, all-purpose penetrating lube that displaces water and provides excellent rust and corrosion protection. Unique and proprietary formulation forms a durable film that provides protection against both wear and corrosion. MPPL is the perfect choice for anywhere that a penetrating or multi-purpose lubricant is needed, whether on equipment in the garage, or hinges and locks in the house.

**Available In: 4oz Bottle**

## DOT 5 BRAKE FLUID

### UNIVERSAL BRAKE & CLUTCH FLUID

High performance silicone-based brake and clutch fluid designed to lubricate and protect critical brake system componentry while providing reliable stopping power. Anti-vapor lock formulation maintains responsiveness and performance by fighting vaporization and viscosity loss. Advanced chemistry resists corrosion, oxidation and is compatible with SBR, EPDM and natural rubbers. Ideal for use in vehicles where incidental contact of brake fluid can damage finishes. Exceeds the requirements of US FMVSS 116 DOT 5 specification.

**Available In: 16.9oz**

## DOT 5.1 BRAKE FLUID

### UNIVERSAL BRAKE & CLUTCH FLUID

High performance brake and clutch fluid designed to lubricate and protect critical brake system componentry while providing reliable stopping power. Anti-vapor lock formulation maintains responsiveness and performance by fighting both water contamination and vaporization. Advanced chemistry resists corrosion, oxidation and is compatible with SBR, EPDM and natural rubbers. Exceeds the requirements of US FMVSS 116 DOT 5.1, DOT 3 & DOT 4, SAE J1703, SAE J1704 and ISO 4925 (Classes 3, 4 and 5.1).

**Available In: 16.9oz**

## PREMIUM SPIN-ON CARTRIDGE OIL FILTERS

ProFilter Premium Spin-On Filters are built to exacting specifications and exceed industry standards for quality and durability. ProFilter oil filters are constructed of high quality materials, using consistent manufacturing processes and multi-point quality controls, to ensure that 100% of our oil filters provide optimum performance and protection. Time proven in competition and daily commuting. ProFilter offers a complete line of oil filters for street and off-road applications.

### PREMIUM SPIN-ON FEATURES

- **“M-Pleat” Technology**  
Structural paper design allows for a larger filtration area and greater capacity to hold contaminants, extending filter life by 20-30%
- **Silicone Anti-Drain Back Valve**  
Allows optimum oil pressure to be obtained quickly, reducing the time for oil to reach critical areas at start-up
- **17 MM Hex Nut**  
All spin-on filters come standard with a wrench removal nut for easy installation and removal. Pre-drilled nut for safety wiring. ProFilter utilizes a lab developed “16-Point Weld System”, increasing dynamic fatigue strength of canister by 30%
- **100% Leak Tested**  
All spin-on filters are individually leak tested on the production line
- **Pre-Lubricated Gasket Seal**  
Pre-lubricated gasket seal allows for proper installation and optimum seal to your engine

## PROFILTER FUSED DUAL-STAGE PREMIUM AIR FILTERS

Just as oil is the life-blood of an engine, its air filter allows it to breathe and perform at peak levels. Your intake is critical to the overall performance and longevity of your engine. Ensuring that contaminants are consistently prevented from entering your system is vital.

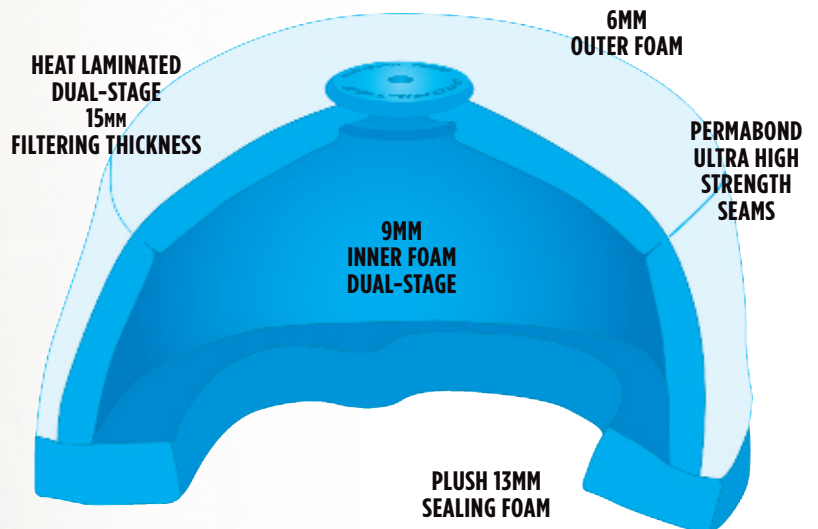

ProFilter Premium air filters are made of high quality, open-cell polyurethane foam that is chemical resistant. Fused dual-stage foam filters out dirt, fine sand and dust, resisting filter plugging and air flow blockage. Professional fitment and modern design bolsters air flow by minimizing seams and increasing the surface area. Packaged individually in a resealable bag.

**RUN WITH CONFIDENCE – PROFILTER.**

### PREMIUM FILTER FEATURES

- Fused Dual-Stage Foam
- Minimal Seams = More Surface Area
- Greaseless Sealing Foam Ring
- Chemical Resistant – Long Life Filter
- Pro Fitment, Modern Design
- Low Profile Rubber Grommet

## PROFILTER PRE-OILED, DISPOSABLE AIR FILTERS

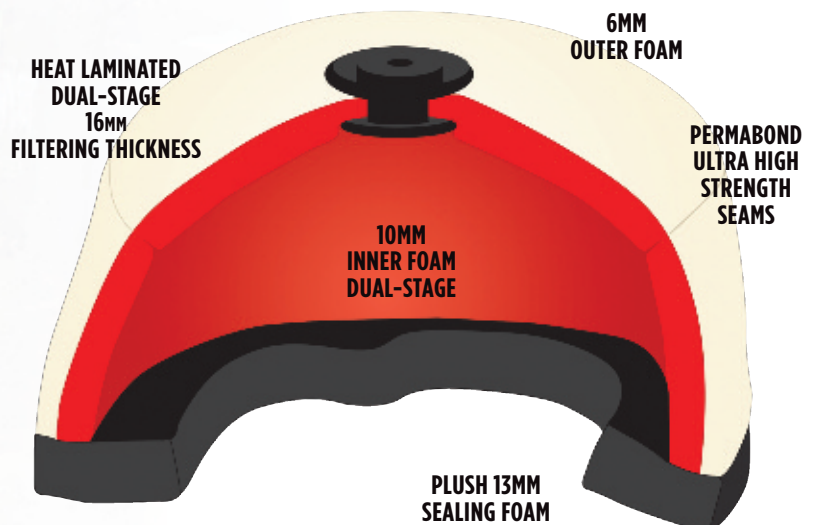

A new, perfectly oiled ProFilter air filter provides maximum airflow and increased horsepower. Ready-to-Use air filters are made of fused dual-stage, open-cell foam. Open pore outer foam layer allows for maximum airflow, while the more dense inner layer foam ensures filtering protection from dirt, fine sand and dust. Dual-stage design resists filter plugging and airflow blockage. Pre-oiled with Maxima FFT – the world's best and most effective air filter oil. Packaged ready-to-use.

**WHEN YOU GET READY TO CHANGE YOUR FILTER, CHOOSE PROFILTER.**

### READY-TO-USE FILTER FEATURES

- Pre-Oiled With MAXIMA FFT
- Fused Dual-Stage Foam
- Greaseless Sealing Foam Ring
- Includes Disposable Gloves
- Single Use, Do Not Wash

## V-TWIN & SXS KITS

### COMPLETE CHANGE KIT

Designed to ease the oil change process in your SXS or H-D motorcycle. Each kit comes with all necessary products to complete a full oil change including Maxima engine oil, transmission oil, primary oil plus a ProFilter oil filter. Depending on the year and model vehicle, synthetic or mineral engine oil kits are available.

AVAILABLE FOR MILWAUKEE-EIGHT, EVOLUTION, TWIN CAM & EVO-SPORTSTER

### QUICK CHANGE KIT

Quick Change kit includes Maxima engine oil and a ProFilter oil filter in black or chrome to complete an oil change on your SXS or H-D motorcycle. Depending on the year and model vehicle, synthetic or mineral engine oil kits are available.

## PROFILTER BILLET ALUMINUM OIL FILTER COVERS

### 3D CAD DESIGN FOR INCREASED FLOW RATES AND PRECISION FIT

Billet Oil Filter Covers are engineered to increase oil flow, helping to cool hot running 4-stroke engines. Built from military grade materials - these billet covers stand up to the test. Precision Fit, Available For Most Popular Models

#### FEATURES

- All new updated design and fitments for most models
- 3D CAD Design For Increased Flow Rates
- Lightweight and Durable
- Exceeds All OEM Specifications
- CNC Machined FROM A7009-T6 Billet Aluminum

MOTORCYCLE & ATV APPLICATIONS

## AIR FILTER CARE KIT

### FEATURING MAXIMA AIR FILTER CLEANER & FAB-1

A clean and perfectly oiled air filter provides maximum airflow and increased horsepower. Maxima Air Filter Cleaner is a heavy duty emulsion-type cleaner designed to thoroughly remove oil and dirt. FAB-1 spray-on synthetic air filter oil (same proven formula as FFT) provides unequalled protection against the elements. FAB-1's protective coating catches dirt and dust without restricting airflow.

- Heavy duty, emulsion-type cleaner
- For both foam & fabric filters
- Will not damage foam, paper or glue
- Easily washes out with water

**2 PACK CONTAINS:** Maxima Air Filter Cleaner 17.1 FL. OZ. and FAB-1 spray-on air filter oil 18.8 FL. OZ.

## AIR FILTER CLEANER

### CLEANS FOAM & FABRIC AIR FILTERS READY-TO-USE

Heavy duty emulsion-type cleaner designed to thoroughly clean both foam and fabric air filters without damaging foam cells, paper or glue. Removes oil and dirt from air filter elements and easily washes out with water.

**Available in: 64oz**

## FFT

### FOAM FILTER TREATMENT

Race proven synthetic foam filter treatment provides unequalled protection against the elements. Unlike other foam filter oils, FFT's time proven formula will not plug foam cells or migrate off of filters. Protective coating catches dirt and fine dust without restricting airflow. Dyed dark blue to ensure even coverage on all surface areas inside and out. Resists washout from carburetor fogging. Water-resistant. The ultimate air filter oil.

**Available in: 16oz/32oz**

## AIR FILTER CLEANER

### SPRAY-ON AIR FILTER CLEANER RATED #1 - BEST ON THE MARKET

Heavy duty emulsion-type cleaner designed to thoroughly clean both foam and fabric air filters without damaging foam cells, paper or glue. Removes oil and dirt from air filter elements and easily washes out with water.

**Available in: 17.1 FL. OZ.**

## FAB-1

### SPRAY-ON FILTER OIL

Advanced spray-on synthetic filter treatment provides unequalled protection against the elements. Unlike other filter oils, Fab-1's time proven formula will not plug foam cells or migrate off of filters. Protective coating catches dirt and fine dust without restricting airflow. Dyed dark blue to ensure even coverage on all surface areas inside and out. Resists washout from carburetor fogging. May be used on foam and fabric filters. Water-resistant. The ultimate air filter oil.

**Available in: 18.8 FL. OZ.**
